

**Pacific Northwest Chapter of the Medical Library Association (PNC/MLA)
Bylaws Committee Annual Report
12 October 2009**

After a major revision of the PNC/MLA Bylaws in 2006 and a minor clarification as to membership benefits of Institutional Members in 2007-08, there was no requested review or revision in 2009. Similarly, there was no discussion of changes to the MLA Bylaws after the 2009 amendments regarding Section Council configuration. The *MLA Model Bylaws for Use by Chapters and Sections of the Medical Library Association, Inc.* were revised in October 2008. A review of these did not suggest any need to revise the PNC Bylaws.

Respectfully submitted,

Jan Schueller, Chair
